**What
matters most
to you
in
your life?**

Adult Disability Day Service

– Outcomes-focused monitoring

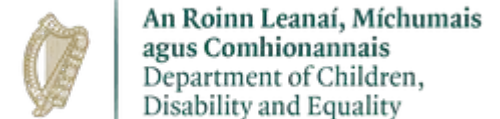

Person-centred
supports for active
citizenship and
community inclusion

- Person centredness
- Active Citizenship
- Community inclusion
- Quality services

Shaping evaluation together

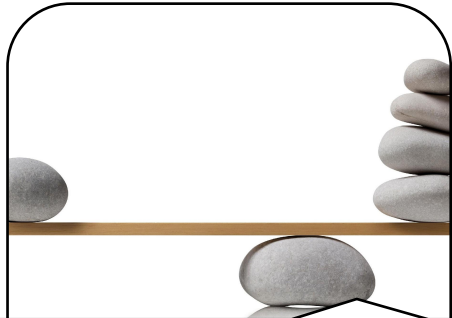

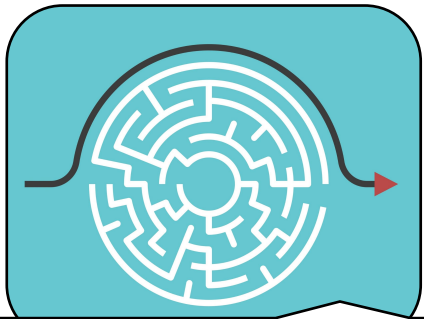

- Participation is a right within the United Nations Convention on the Rights of Persons with Disabilities
- People should be at the centre of shaping how services are evaluated
 - Focusing what matters most to people

Assessor with lived experience

Lessons learned
